MARTIAL LAW IS DECLARED OVER PEKING

(U. P. Staff Correspondent)
SHANGHAI, June 2.—(U.P.)—Martial law was declared in Peking tonight and foreign military forces, including that of the United States, prepared for a major emergency as the northern defense, and government approached collapse in the face of the advance of nationalist troops toward the northern capital and control of all China.
The foreign quarter of Peking is barricaded and guarded. Troops are ready for the entrance of nationalist troops at any time, and are prepared to guard foreign lives and property from possible attacks by undisciplined troops of the advancing nationalists.

Salinas Peeved As Lindy Shies At City Airport

SALINAS, Calif., June 2.—(U.P.)—Colonel Charles A. Lindbergh, accused of "swell-headedness" by an Amarillo, Texas, editor was censured here today because he elected to land his airplane in a deserted field near here today rather than patronize an airport built by the local post of the American Legion. The criticism came in the form of letters addressed to the transatlantic hero by the American Legion airport committee and the aeronautics division of the Chamber of Commerce.
The letters protested what was termed "unseemly lack of interest in aviation matters other than your own" and called upon him as a "public personage" to encourage other aviation ventures by visiting ports such as the one sponsored by the veterans.

ON SOUTHERN TOUR
Mrs. Ethel Butler, accompanied by her mother and father, Mr. and Mrs. Simmons, motored south last week to be gone about two weeks. They intend to travel by way of Fresno and Bakersfield. While away the party expect to visit in San Diego and Mexico.

GUESTS OF MAYOR
Mrs. S. O. Warren of Los Angeles, accompanied by her two daughters Mrs. Frank Landing and Miss Grace Warren, are visiting here in the home of her sister, Mayor Mattie Chandler of 521 Twelfth street.

WHIST PARTY HELD
A whist party was held in the Woodmen of the World hall Friday afternoon. The usual pleasure and time was enjoyed.
Those present were Mesdames J. Wilson, J. Moore, A. Crisler, M. Bonham, L. Brown, T. Fieger and P. Armstrong.
MORACKEN'S RETURN
Mr. and Mrs. Ward Moracken and their daughter Betty returned Friday evening from Brookdale in the Santa Cruz mountains, where they have been enjoying the past week.
AT CALISTOGA
Mr. and Mrs. Zeb Knott are spending the summer in their country home near Calistoga.

Total Moon Eclipse Is Seen Here

Richmond followers of astrology who stayed up late this morning witnessed a total eclipse of the moon.
The moon entered the earth's shadow at 2:13 this morning, and became gradually obscured until 3:31 when the eclipse became total. The moon was darkened until 4:48 this morning, after which the shadow broke and the phenomenon ended at shortly after six o'clock.

There will be one other lunar eclipse this year, occurring on November 27.
No eclipse of the sun will be visible in America during 1928.

Badges Received By Girl Scouts At Court Award

Troop three, Pine Cone division of the Girl Scouts held Court of Awards Saturday afternoon in the Boy Scout hall, which was appropriately decorated with ferns and pine cones. In the center of the room a large arch of flowers and ferns was erected, with pine cones hanging from the center. The color scheme of green was carried out in all of the decorations as this is the troop colors. The large fire place was adorned with greenery as were the doors of the hall.

The girls assembled and were led in yells by Gertrude Heise. Some special yells were given for Fire Chief Cooper on his entrance into the hall. Cooper presented first class badges to Julia Robbins and Lorraine Brown and merit badges were given to Doris Nystrom, Julia Robbins, Gertrude Heise, Agnes Mortenson, Dorothy Oswill, Aline Hucka, Elouise Krumdieck, Esther Campbell and Daisy Parks.

Miss Dore of Palo Alto was present and spoke to the girls on scout work and praised them for their good work.
Gertrude Heise, yell leader and lieutenant of the troop, was presented with a present from Mrs. Both, their scout mistress, for her splendid work and faithfulness to her duties during the year.

Ramona Benson and Thurey Parks entertained. Thurey Parks played the ukelele and trumpet, accompanied by Ramona Benson on the piano.

Ice cream, cake and candy were served to the guests and to the troop. Each person was served with a piece of the Scout cake. The ceremony was closed and after a number of songs and yells the meeting was adjourned.

WHIST PARTY HELD IN WOODMEN HALL

A whist party was held in the Woodmen of the World hall Friday afternoon. The usual pleasure and time was enjoyed.

Those present were Mesdames J. Wilson, J. Moore, A. Crisler, M. Bonham, L. Brown, T. Fieger and P. Armstrong.

MORACKEN'S RETURN
Mr. and Mrs. Ward Moracken and their daughter Betty returned Friday evening from Brookdale in the Santa Cruz mountains, where they have been enjoying the past week.

AT CALISTOGA
Mr. and Mrs. Zeb Knott are spending the summer in their country home near Calistoga.

MAINTENANCE OF BASIN IS IN QUESTION

The Santa Fe Railway company has stopped work on construction of the spur track along Cutting Boulevard to connect with the Minter tract which it recently bought for development into a terminal. Work on the spur was stopped pending the official action regarding maintenance of the basin on the west side of the harbor which the railway corporation and the El Dorado Oil works have agreed to dredge for the steamship company. It is finally located in Richmond.

Work on the spur has proceeded no farther than the connection at Cutting boulevard with the line running to Wharf No. 2, known as the "sugar wharf."

Based on the statement of City Engineer Hoffman that sitting in the inner harbor is about one and a half feet a year, the cost of the maintenance asked by the El Dorado company will be a maximum of \$2500 a year and may hit nearer \$2000 yearly. The basin would be approximately 750 by 600 feet in area and as the material that gathers would be merely silt mud it would not cost more than 10 cents a yard to move, according to statements made by proponents of the proposition, and they say the Government could move it even cheaper than this when it is at work on the harbor.

Sitting at the "sugar wharf" is said to be only a foot a year so far. It is also stated that when dredging operations have been finished in the inner harbor and it is not continually stirred up silt will be even less.

As more than half the El Dorado basin area lies in the part of the harbor that has been accepted by the Government, those trying to bring the big industry and shipping terminal here assert that in time Federal maintenance can be obtained for this part and they say that eventually the Government may take over all the maintenance.

With the Government taking over the "sweeping" of that part within the Federal lines, the cost to the city would be reduced to less than \$1000 a year in time, it is claimed.

Whatever the cost, and it would start at between \$2000 and \$2500 a year, according to figures that have been submitted and diminish as the Government took hold, the city would not be out any cash, and would have the development beside, as the El Dorado would pay the expense of "sweeping" the basin and accept a rebate in taxes. Nothing would have to be done at (Continued on Page Eight)

Position Open On Fire Department

Assistant Fire Chief J. J. Barry is receiving applications for a vacancy on the Richmond Fire Department until June 15, according to an announcement made yesterday. Applicants must be between the ages of 21 and 35 years and residents of the city for at least one year, a least five feet seven inches in height, weighing at least 140 pounds and registered voters. All applications must be filed by 8 o'clock on the morning of June 15.

GUESTS FROM OHIO
Mrs. Gustav G. Kallin of 1915 Roosevelt avenue, has as her house guest, Mrs. John Paulson and her daughter, Miss Florence Paulson from Youngstown, Ohio. The ladies expect to remain in Richmond about a month before returning to their home.

Mate Slayer In Plea For Second Wife

San Quentin authorities were considering a plea by Arthur Antoine, convicted Oakland wife slayer, who was lodged in the transbay institution Friday, that he be allowed to see his second wife, Lila Stovall, whom he married after murdering his first wife and throwing her remains in the San Joaquin river.

Antoine, on his way to Stockton Friday to attend an inquest at which a coroner's jury identified the remains of his wife, made repeated requests that he be allowed to see his 18 year old wife. His requests were repeated on the return trip and again at San Quentin.

Asked why he wanted to see her, his only reply was: "I have something to tell her." Antoine betrayed no emotion when he entered the prison and was registered. He asked for his automobile tools, declaring he would seek employment in the prison garage.

New Steamship Line May Make Richmond Port

Negotiations are being made by the Holland-America steamship line to make Richmond a regular port of call, according to Charles Engel, manager of the wharves of the Farr-Richmond Terminal corporation. The company is contemplating making Richmond a regular stop for vessels engaged in the North and South American trade and should it decide favorably, it will be the first European line to establish here.

The following is a partial list of the vessels to dock in Richmond during the month of June:
On June 11, the Waltemata, Union Steamship line, will arrive for loading petroleum products for the Orient; June 13-14, Golden Mountain, O. and O. line; Golden Cloud, June 18-19, D. & O. line; Nicoline Maersk, General Steamship line, June 25-26.

1 Killed, Seven Hurt As Cyclone Hits Passenger

MONTREAL, Que., June 2.—(U.P.)—One man was killed and seven or eight other persons injured, three seriously, when a cyclone struck a Canadian Pacific train a few miles from Bedford, Que., today.

The storm came from the north tearing a path about 40 feet wide through the district. Trees were uprooted and barns blown down. When it struck the train, composed of an engine and two cars, the latter were blown off the track and into a ditch.

INQUEST HELD

Heart trouble was given as the cause of death of John Cameron 64, who died suddenly at the Crockett sugar refinery, according to the findings of a jury at an inquest held yesterday morning. Coroner Aubrey Wilson conducted the inquest.

OAKLAND VISITOR
Mrs. Mary Griggs of Oakland is the house guest of Mrs. E. Lane, 1019 Barrett avenue. Mrs. Griggs will remain for three weeks before returning to her home.

AT RUSSIAN RIVER
David D. Muir and Howard B. Jamison will spend the next two weeks vacationing at Hilton on the Russian river.

FLIERS SCOFF AT DANGER OF SUVA FLIGHT

BARKING SANDS, T. H.
June 2.—(U.P.)—The Southern Cross and its crew of four landed here late today from Wheeler field. The giant airplane landed at 5:57 p. m. Before leaving Wheeler field Captain Smith announced the plane will leave early Sunday for Suva.

The army's tri-motored Fokker which flew to Honolulu a year ago, escorted the Southern Cross on the flight. Captain Lowell Smith, chief of the army "round the world" fliers, was at the controls of the army plane.

The wish of Kingsford Smith that he might leave the "Hulibalo" when he took off from the Honolulu field for Barking Sands was not entirely fulfilled. The people anticipated the arrival of the great plane and when the Southern Cross finally dropped a large crowd formed a reception committee.

By H. R. EKINS
(U. P. Staff Correspondent)

HONOLULU, T. H., June 2.—(U.P.)—Determined to accomplish the longest water flight in the history of aviation, Captain Charles Kingsford Smith and his side of the Southern Cross tonight stood by their decision to fly to Suva, Fiji Islands, despite efforts of friends to dissuade them.

Honolulu, in fact the whole of Hawaii, still flush with the joyous reception accorded Kingsford Smith, Charles T. P. Ulm, Lieut. Harry Lyon, navigator and James Warner, looked with misgiving to the Suva hop—3144 miles across unexplored airways of the south seas enroute to Australia.

The air of apprehension apparently did not touch the fliers. "We are with Kingsford-Smith to see it through," was the attitude of Ulm, Lyon and Warner.

Most of the day was spent supervising mechanics who overhauled the starboard motor of the plane. It was believed the motor had a scored cylinder. The motor defect prevented the taking off of the Southern Cross to Barking Sands today and will cause the starting date to Suva to be postponed from Sunday to Monday.

Auxiliary gasoline tanks giving the Southern Cross a capacity of 1500 gallons were to be installed before the fliers undertook the most difficult lap of their California-Australia flight.

When the Southern Cross left the Oakland airport it carried 1200 gallons of fuel, 130 gallons of which remained in the tanks when the plane landed at Wheeler field after traveling 2400 miles.

It was estimated by Kingsford-Smith that 1500 gallons will carry the monoplane to the Fiji Islands unless some unlooked for storm sweeps the Fokker from the course.

STOMACH PROBE
Fails To Show
Poison Traces

Dr. I. O. Church, county health director was advised yesterday that no traces of poison could be found in the stomach of the victims of the mysterious fatal malady which has killed two in Brentwood within the past ten days.

The chemists reported that they subjected guinea pigs to the poison tests and as no effect was noted they did not consider it worth while to proceed further with the analysis.

Dr. Church announced that he would go to Brentwood Monday for further investigation now that the stomach tests had failed and no traces of poison were found in salami, which was found in the cabin.

From Stage to Society

SHOW GIRL TO WED BACK BAY SOCIETY LEADER!—Rosemary Wallace, famous stage beauty, will soon star as Mrs. Andrew Deane, Boston society matron, deserting footlights to marry social light and daring aviator of Hub. Deane's feats in airplane are said to have won Miss Wallace's heart.

Stomach Probe Fails To Show Poison Traces

Dr. I. O. Church, county health director was advised yesterday that no traces of poison could be found in the stomach of the victims of the mysterious fatal malady which has killed two in Brentwood within the past ten days.

The chemists reported that they subjected guinea pigs to the poison tests and as no effect was noted they did not consider it worth while to proceed further with the analysis.

Dr. Church announced that he would go to Brentwood Monday for further investigation now that the stomach tests had failed and no traces of poison were found in salami, which was found in the cabin.

Jack Martin Joins Local Business Firm

Jack Martin, one of the well known young men of the city, has entered the employ of F. B. Schow at the "Togs" at 1025 Macdonald avenue, as a salesman.

Martin has been a resident of Richmond for the past five years and through his work as an automobile salesman, he has formed a very wide acquaintance. He is also a world war veteran, and served five years in the army.

Martin is very popular with the young men of the city, and his new work, will bring many people to the place of business with which he has associated himself.

Mr. and Mrs. Harold Purviance have returned from Healdsburg, where they spent the week.

Reported "Still" Operators To Be Bared By Pastor

It has been reported to Rev. Weldon Wilson, pastor of the new First Baptist church, that two members of his congregation are running a moonshine still. Rev. Wilson will tell what he thinks of them, what ought to be done with them if the report is true and will mention their names publicly at the service Sunday night. According to the report they have been seen in Grand Canyon park, loading a truck with booze and what makes it all the more embarrassing is that the money they have made has been used in part to build the new church.

Eagles Picnic At East Shore Park

Eagles of Contra Costa county will hold their annual picnic today in East Shore park. The afternoon will be spent in games and sports and in the evening there will be dancing. Felix Baptist, president of the Richmond aerle is general chairman of the affair. The affair is open to the public and many members from lodges throughout the county comprising the Contra Costa aerle will be in attendance. Aerles comprising the Contra Costa aerle are: Point Richmond, Martinez, Antioch, Crockett and Pittsburg.

ON VACATION
Miss Inez Osborn of Carlos avenue, Stege, has left for Turlock and Huntington Lake, where she expects to spend two weeks. Miss Osborn is a nurse in the Merritt hospital.

LOCAL MOTHER AWARDED BABE AFTER HEARING

Little Constance Hanney, whose mother was accused of keeping her a prisoner in a tankhouse, is back home again with her brothers and sisters and her mother, Mrs. Eleanor Hanney. Judge A. B. McKenzie sitting as juvenile court judge in Martinez yesterday morning ordered the child returned to the custody of the mother after evidence had been presented.

What took place at the hearing is not known, since the session was held behind closed doors, but the mother was absolved of the charges as evidenced by the return of the child into her care.

Mrs. Hanney, since the charges were first made against her, has repeatedly denied the allegations of cruelty to the child. She denied imprisoning little Constance and stated that the tankhouse in place of being a prison was in reality a playhouse for all of the children. The child, she declared, had not been underfed, as at first charged, and an examination by county physicians bore out her statements.

The child is said to be unusually precocious with a temper and disciplinary means were taken by Mrs. Hanney to curb the child.

Mrs. Hanney visited the child while detained at the county detention home, pending a hearing in juvenile court and the child begged to be returned to her mother. At the Hanney home yesterday, Constance showed her affection for her mother, by clinging to her neck, and repeatedly kissing her.

The mother and the child's father, William Hanney, former Sacramento policeman, have been separated, but a reconciliation in the near future is expected.

New Application For Strait Span To Be Submitted

Formal application of the Carquinez Toll Bridge company of Nevada for a franchise for construction of a second Carquinez Straits highway toll bridge will be presented to the Contra Costa Board of Supervisors Monday by Dr. Otto G. Freymuth of San Francisco, president of the concern.

The bid for a span franchise will be the fourth that Freymuth has presented to the supervisors under the names of the three concerns, he has headed. Each application has been denied by the board and one refusal was followed by an attempt to secure a permit by initiative proceedings.

Authority On South Dialect To Speak Here

The First Baptist church is very fortunate to have secured Martha Moss for the Chautauque night service this evening at 7:30. Miss Moss is a native of Tennessee and has perfected her rendition of Southern dialect melodies and negro spirituals through long study and direct contact with a score of famous negro singers.

She spent her childhood under the care of a negro mammy. The Southern melodies were her lullabies and played deeper than any art is the dialect of that old mammy. Her voice culture and technique was gained under the direction of Corrine Hansard of Atlanta, Georgia, whose mastery of the spirituals is the pride of the entire south. A unique part of her program Sunday night will be her singing accompanied by Miss Clair on the harp. The public is cordially invited to the service. Other artists who will appear are Mrs. Ross L. Calfee, Mr. and Mrs. Allen Grevie and Miss Ethel Vestal.

Mr. and Mrs. Steve Huzelka and son are spending their annual vacation in the Clear Lake country.

SUNDAY MORNING, JUNE 3, 1928.

The things that men sometimes boast of are queer. Theodore Cognacq, wealthiest merchant of France, died recently at the age of 89. It was his especial boast that during his long career he never missed a day at his office. This was a record of which he was very proud. Industry doubtless is one of the greatest virtues, but there is something almost terrifying in the thought of M. Cognacq's devotion to his business. To convert oneself into a machine, running with monotonous regularity, consuming countless columns of figures, taking over the functions of cash register and filing cabinet hardly seems the highest possible development for which man may aim. There are times when idleness is a great virtue. The man who takes M. Cognacq as his model may become wealthy. But he will not be a man to be envied.—Bakersfield Californian.

As the period in which Oregon was first settled recedes into the distance it is apt to be forgotten that the perils of the great trek across the plains were almost equal to those of war. It has been estimated by one usually careful authority that more than 30,000 men, women and children died in the period from 1842, when immigration of families began, to 1859, when Oregon was admitted to statehood. In 1849 alone the number was probably 2000. But the apex was not reached until the year of the greatest ox-team caravan of all, in 1852. The germ of cholera, having been implanted in some manner which can never be known, followed the wagons from the point where the historic road entered Nebraska to the crest of the Rockies and continued west. The stark realism of his phase of the outstanding episode in all western history gives to many a pioneer diary the poignant flavor of tragedy.—Portland Oregonian.

From Venice comes a report that a bridge will be built into that city to permit automobiles to come into competition with the gondola. Heretofore the only connection between Venice and the mainland has been a railroad bridge constructed 75 years ago, and the proposed innovation of a bridge for motor traffic is being resisted by the Venetians who declare that it will reduce their city to the level of all other cities. To them the gondola has made Venice a city unique in its traffic arrangement, with a historical background of many centuries.—Turlock Tribune.

Sacramento's death toll from drowning for the 1928 summer season has already amounted to five persons and because of this fact city officials have taken steps to re-establish free swimming classes in the municipal pool at McClatchy park. It is a sorrowful fact that many persons each year must be carried to death in the heavy current of the Sacramento and the American rivers. Each summer a heavy toll of lives is taken in the two streams serving Sacramento.—Sacramento Union.

Seek Rescue of Entombed Miners

IN GAS FILLED MINE at Mather, Pa., many miners are believed to have met a terrible death when trapped as a result of terrible blast which caused cave-in. In photo Red Cross workers are shown feeding members of rescue crew which is attempting to reach those who may still be alive. More than 175 men are now thought to be entombed in the mine.

Affairs of the Heart and Your Marriage Problems

Patricia Lee answers questions relating to problems of married life. Names and address should be added to letters as a mark of good faith but will not be published. Readers who desire private answers should inclose a stamped self-addressed envelope and 10 cents in coin to cover cost of typing, etc. Because of space limitations it is not possible to print answers to all letters received, and readers who wish an early reply should take advantage of this special service. On account of the large quantity of mail coming to this department, about ten days should be allowed for a reply. Write to Patricia Lee, care of this paper.

Dear Patricia Lee:

I have been going with a young man 33 years old for the last eight years. We had an argument a week ago about his drinking. He is only off from work on Friday and Saturday nights and for the past six weeks he has been drunk Sunday. He lived with us, and he never even took me to a cheap movie. When he was sick for eighteen months I went twice a day to see him in the hospital. I borrowed \$400 from my father and I paid \$10 a week for him out of my own pocket. He paid my father back, but it took him three years to do it. But he never paid me. Now because I scolded him Monday for drinking he left our house, and I haven't seen or heard from him since. Whenever I asked him to meet me in somebody's house he would always come drunk. I would always forgive him, but this time he left. Would you write to him or call him up at his place of business? I'll always love him, but I'll be exact as you tell me—HONORE.

Dear Honore—
Your letter is a bit difficult for me because I can't understand why you think a young man is "going with you" if he never even took you to a movie. His only part in this courtship seems to have been to accept quietly the attentions and money you gave him. I admit no man of character would place himself under obligation to you if he did not intend to repay you in some way. But we don't fall in love with a person's character, and we often love in spite of it. Call him up if you want to, my dear, but do find out if he has the same understanding of the situation as you have. It would be of no use to waste more time on a man who thinks "the pleasure is all yours." Be fair to yourself.

Lariat effects in necklaces are extremely smart. A necklace of pink pearls is caught at the front with a clover leaf fashioned of simulated topaz, from which fall pearl drops.
Sheets of muslin in leaf green, daffodil yellow, pale orchid and light blue are the newest idea in household linens, and are rapidly taking the place of plain white in modern bedrooms.
RAGS WANTED
THE RECORD-HERALD

How To Earn Money!

I have quite a few formulas for making cold cream, hair polish, skin, astringent, etc. What would you advise to do with them? Do I need a license—S. D.
You would not need a license for any of this work, but the amount of money required to put your formulas up in salable form and to advertise your product is really too much for one person to undertake. I would suggest that you sell the formulas to wholesale druggists or to a beauty parlor. This will bring you quicker results and more money.
Mrs. Sarah Spence will answer all questions on "How to Earn Money at Home." Address her care of this paper.

Vigorous Health

HATS

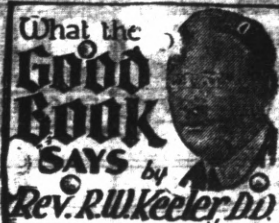

Hats are largely unnecessary. Only in climates where the sun is very hot and the rays very direct, and where the weather is extremely cold, is any head covering really required. The majority of the earth's inhabitants would get along better by going bareheaded. The hair should furnish the necessary protection for the head from either heat or cold. One reason many individuals do not have sufficient hair to furnish this protection is because they have worn hats so persistently.

The hat, especially one which is tight or poorly ventilated, is a common cause of loss of hair. The pressure of the hat upon the large blood vessels in the forehead and temples interferes with the circulation to the scalp and the hair cannot live without plenty of blood. Any more than other parts of the body.

The hair also needs air and sunshine, the same as any other form of "vegetation." The hat shuts off both.
Women's hats are not so objectionable as men's as they are usually looser and lighter which is one reason we see very few bald-headed women. Even aside from the effects upon the air, going bareheaded and allowing the sun, the rain and the wind to play upon the head is not only pleasurable, but healthful. Men have recently taken to going without hats in the summer-time and it is a practice that is to be recommended for all the year.

How much walking should I take each day? My occupation is sedentary, but I take exercises in my room every morning—GEORGE
Since you take general exercise it would probably be sufficient to walk three miles per day. However there is no objection to walking as much more as time and opportunity will permit. Of course one must start with an amount that can be done easily increasing the distance gradually. If the distance is limited to three miles per day it would be well to take it all at once if at all possible.

I have had ptosis of the eyelid since I was born. An operation has been suggested. Would you advise this?—ARTHUR
I would not advise an operation until everything else has been tried, as the outcome would be problematical. The usual natural treatment would include all general health-building measures, to tone up the muscular and nervous system; eye baths to stimulate the local circulation and spinal manipulation for spastic effect upon the nerves. The violet ray may also be of some assistance.
While leather bracelets, studded with nickel nailheads, strass and enamel animals, are the latest things in sports jewelry.
My little niece, aged 7, heard her grandmother, who is old and feeble saying, "Oh, I am such a care," and she said, "No, you're not, Nana, you only imagine it."

A. "Jehovahs slept with his fathers; and they buried him in Samaria; and Jonah his son reigned in his stead."—II. Kings XIII:9.
Q. With what words did Shimei curse David?—C. L. K. Dover, Del.
A. "Thus said Shimei when he cursed. Come out, come out, thou bloody man (David) and thou man of Belial."—II. Samuel XVI:7.
Q. What cause for Babylon's fall did the prophets give?—H. J. Mountain Lakes, N. J.
A. "As Babylon hath caused the slain of Israel to fall, so at Babylon shall fall the slain of the earth."—Jeremiah LI:49.
Q. Where does it tell of Moses' rod becoming a serpent?—S. B. T. Los Angeles.
A. "He said, Cast it on the ground, and it became a serpent, and Moses fled from before it."—Exodus IV:3.
Q. What is the Biblical term for cutting off one's head?—G. F. G. Maplewood, N. J.
A. "Then he said, God do so and more also to me, if the head of Elisha, the son of Shaphat shall stand on him this day."—II. Kings VI:31.
Q. Was David forbidden to build the Temple?—H. L. B. Bronx, N. Y.
A. "Go and tell David my servant, Thus saith the Lord, Thou shalt not build an house to dwell in."—I. Chronicles XVII:4.
Q. How long was Solomon king?—D. E. M. Hartford, Conn.
A. "Solomon reigned in Jerusalem over all Israel forty years."—II. Chronicles IX:30.
Q. Was copper ever equal to gold in value?—J. M. C. Brooklyn, N. Y.
A. "Also twenty basins of gold, of a thousand drams; and two vessels of fine copper, precious as gold."—Ezra VIII:27.
Q. Whom did Nehemiah chase out of Israel?—T. E. W. Tampa, Florida.
A. "One of the sons of Jolada, the son of Eliashib the high priest was son-in-law to Sanballat the Horonite; therefore I chased him from me."—Nehemiah XIII:28.

What Do You Know?

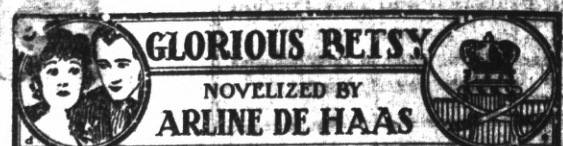

1. What is a grand larceny?
2. Who said: "Be sure you are right, then go ahead?"
3. In what section of the United States is there no voting?
4. Was Roger Bacon a real character or one in fiction?
5. Who wrote "Ramona"?
6. What nationality was Alexander the Great?

My baby, La Verne, 3 year old was coming out of my room with her face as white as snow having helped herself to some of my powder. I told her she was just a baby and would have to wait till she was a big girl about 17 to 18, before she could use it again. To which she replied: "But, mother, I don't want to wait that long."

ONE TIME HE WED

"Father, were you ever married before you married mother?"
"No. Why do you ask?"
"Because it says in the family Bible that you married Anne Domini, 1917."
Billy, who is 4 years old, was sent to the baker shop for a dozen doughnuts, and this is what he said:
"I want a dozen dug-outs, with holes in, Mister Baker."

LOCAL SOCIAL EVENTS

GRACE LOWELL
IS HONORED
BY FRIENDS

A delightful birthday party was held in honor of Miss Grace Lowell, daughter of Mr. and Mrs. George C. Lowell of 143 Twelfth street, last night in the Richmond clubhouse. A program was presented, consisting of dances by Mildred and Mary Jean Lowell, pupils of Miss Martha Meyer, who also sang several numbers; exhibition dances by Charles and Nelda Baker, and old time selections by Mr. and Mrs. T. H. Cowell of Radio-KLX, Oakland.

Pupils of Miss
Mills Will Present
Recital Monday

Miss Bernice Mills will present her pupils in a recital Monday evening in Memorial hall at 8 o'clock. Assisting on the program will be the Columbia Trio and Miss Janet Baird, reader.

A splendid entertainment will be given and a large attendance is expected.

Those who will take part in the musicals presented by Miss Mills are: Anita Drummer, Beth Drummer, Charlotte Ballantyne, Ada Henchy, Blair Spire, Francis Newcomb, Elizabeth Pfeil, Ivy Curcio, Lois Crisler, Barbara Guanzoli, Ronald Widner, Maxine Jarrett, Zelma Glazier, Lois McKenna, Viola Crisler, Nide Zardine, Georgia Cello, Bernice Carfield, June Mills, Stephanie Clark, Margaret Mahoney, Jean Gribble, Margaret Board, Winifred Curcio, Alice Masters and Dorothy Smith.

Job's Daughters
Arrange to Hold
Picnic at Idora

Job's Daughters met yesterday afternoon in the Masonic hall. Plans were made for the picnic to be given in Idora park on June 13. Each member is asked to bring a young lady as her guest for the day. On June 15, installation of officers will be held when Rose Trolese will become the honored queen for the coming year. This will be the last business meeting of the term and all business reports will be submitted.

After the session the girls adjourned to the banquet hall where refreshments were served. Clair McGrath was in charge of the dainty refreshments served.

"Perfect Man" Exhibited

NOTABLES ATTEND EXHIBITION—Art critics gathered in New York at studio of Mrs. Paul Buhlig Conkling to witness first showing of her statue, "The Perfect Man." Above (l. to r.), Pietro Gentile, who posed for the statue; J. W. Quistgard, critic, and the sculptress look over the work of art.

Life of British
Soldier in India
Told Before Club

Personal experiences as a British soldier in India were described to the members of the Cosmopolitan club last night at the final meeting of the year held in the Richmond Union high school. The speaker of the evening was W. J. MacDonald and his address was enjoyed by those present. Whistling solos by Mrs. Edna Hart concluded the program. Refreshments were served by Mrs. Zaida Chapin and Mrs. W. E. Turtle, president of the club.

Farewell Party
Is Given In
Rosetta Home

A farewell party was held for Mr. and Mrs. D. Rosetta, who are leaving to make their home at 1026 Chanslor avenue.

Dancing was enjoyed during the evening and a dainty supper was served at a late hour.

Those present were: Mr. and Mrs. D. Rosetta, Mr. and Mrs. S. P. Smith, Mr. and Mrs. C. Martin, Mrs. Florence Pontes, Mr. and Mrs. Danny, Mr. and Mrs. George Deemer, W. Pollard, Hilda Danby and Hilda Rosetta.

Indian Herbs

Is a good family medicine composed principally of herbs, roots and barks. An excellent liver regulator for sluggish bowels, kidneys and constipation. You can get the money back at any of the agencies where you bought them if Indian Herb Compound does not benefit you after directions have been followed.

Indian Herbs are for sale by all local drug stores and at many other business places whose addresses are listed on the second page of the circular in each free sample given at all the local agencies. Geo. W. McPherson, resident agent for The Great American Herb Co., 608 Macdonald avenue.

Gad About and
Chatter Club
Spend Social Time

The Gad About and Chatter club met Friday afternoon in the home of Mrs. Mabel Cornell of 65 Hillsborough street, Oakland. A dainty luncheon was served by the hostess, followed by a social afternoon.

The mystery package was won by Mrs. Eleanor Cornell and the two prizes known as the "White Elephants" were presented to Mrs. Minnie Phillips and Mrs. Eleanor Cornell.

Mrs. Johansen entertained the ladies by talking on the subject of palmistry, which was enjoyed very much.

The next meeting of the club will be on June 15 with Mrs. Ida Hansen as hostess. The gathering will take place in her home at 714 Twenty-fifth street.

Those present were: Mesdames Willis Johansen, Minnie Phillips, Ida Hansen, Eleanor Cornell and the hostess, Mrs. Mabel Cornell.

Surprise Party Is
Given by Friends
Of Mary Shubat

A surprise party was given to Miss Mary Shubat by a group of her school friends in her home, 2500 Downer avenue. The young ladies spent a delightful afternoon in playing cards and dancing.

Those present were: Rose Conrad, Grace and Dolores Devereaux, Louise Crummel, Rhoda Bruse, Margaret Shubat, Dolores Shubat, Violet Hall, Ellen Eddie, Theresa Lee, Lorraine Hunt, Ruth Betherds, Sadie Domingo, Fred Alchinger, Donald Seawright, Laurence Theis, Roland Duncan, Charlie Overman, James Hopkins, Donald Sentman, John Shubat, Nelson Hunsinger, David Green, Jessie Mellow, Atley Hunt, John Pollakowsky, Gerald Rubins, Clarence Young, Bill Young, Billie Curry, Laurie Hitecox and Norman Wakefield.

Rod and Gun Club
Enjoys Masquerade
Party in Clubhouse

The Rod and Gun club held a masquerade party recently in the club house with the Misses Carmen and Ethel Vestal and Evelyn Scott as hostesses of the evening. Dancing, music and games were enjoyed throughout the evening and at midnight a supper was served. The party was indeed a success and every one present enjoyed the jolly evening.

Among those present in addition to the hostesses, were the Misses Thelma Vestal, Ansel Mansfield, Nugent, Biddy Cushing, Carrie Hammel, and Claire McKenna; Mesdames Helen Williams, Loren Whitlock, and A. Mansfield; and Messrs. Jack Mansfield, James Hammel, Harold Presley, George Lehman, John Gum, Roy house, Nicholas Nugent, Bill White, Elmer Kreehy, Fred Whittlesby, John Palmer, Loren Whitlock and William McKenna.

COUPLE LEAVE ON
HONEYMOON TOUR

Last evening Miss Gladys Earhart of Berkeley became the bride of William Valler of Richmond. The wedding took place in the home of Miss Earhart's aunt and uncle, Mr. and Mrs. C. J. Armanstino of 420 East Marie court. After the ceremony the bride and groom left for their honeymoon in the south.

Simmons Metal Beds
Need No Introduction

Metal Beds \$11.75

Pictured above is a round tubing bed with attractive spindle fillers. It is simple and graceful and is in ivory or brown finish. You'll never grow tired of it. Turn in your old beds as part payment and select either twin or full-bed size this week.

Cane Panel Metal Bed, \$13.75

Another very desirable bed, for it has the French Bend, round tubing and a 9-inch decorated cane panel in the center of head and foot fillers. Brown or ivory finish; twin or double-bed size.

Solid Panel Metal Beds, \$14.75

This type is particularly popular. It has the French bend with 9-inch solid panel with rich decoration between the fillers of round tubing. In ivory finish; twin or double-bed size.

(Same bed in American Walnut finish, \$16.75)

Breuner's "Supreme" Mattress

Full size, \$37.50 Twin size, \$35.00

This 45-lb. mattress is of the finest, selected white cotton; soft, resilient and long-lived. Hand-tailored throughout with special Imperial edge, attractive ticking and strong handles for moving about easily.

Breuner's 35-lb. Kapokeen Mattress

Full size, \$30.00 Twin size, \$27.50

Of the finest Japara kapoc and custom built in our own factory; covered with high-grade ticking and finished with special Imperial edge.

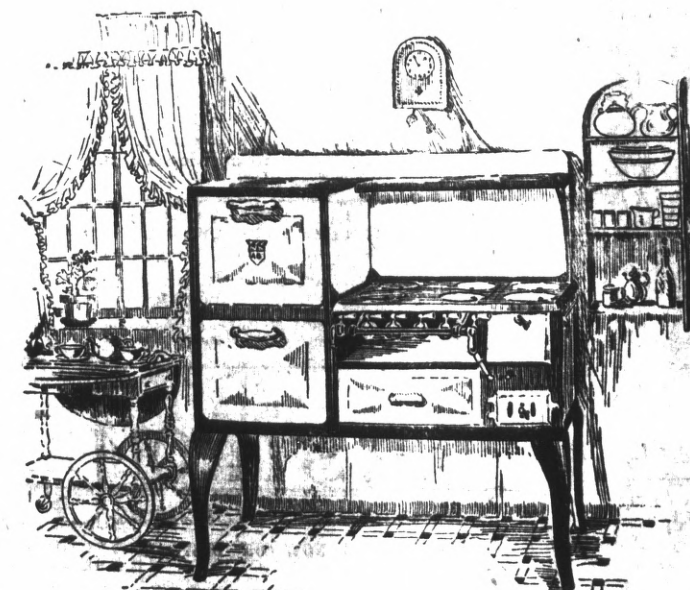

Breuner's 50-lb. "Superior" Mattress

Full size, \$24.50 Twin size, \$23.50

Of selected and carefully blended cotton linings, hand-tailored and finished with Imperial edge; a fine quality mattress at a very nominal price.

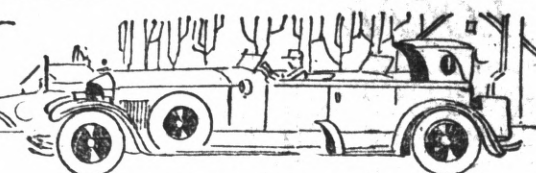

Trade in your old mattress this week
and let them help pay for new ones.

A liberal allowance on your old stove

Automobile News

OAK-PONTIAC OWNERS GET INVITATION

Considerable territory is being included in an invitation issued by Western Motors company, Oakland Pontiac dealers organization in San Francisco, to all Oakland-Pontiac owners of the United States, Canada, Mexico and various other countries, according to J. P. Strom local dealer.

The blanket invitation is of exceptional value to motorists, especially those who plan long tours this summer and who include San Francisco in their itinerary. This invitation points out that the service department of Western Motors company is ready and desirous of taking care of all mechanical needs of travelers. Local owners of course, already know that they are included.

The motoring season is on. Foreign license plates are becoming more and more the usual thing on San Francisco streets and experts in the service department are hob-nobbing with folks from many States of the Union.

Every other Oakland Pontiac dealer of the country is of the same mind as Western Motors company. Every one of these thousands of dealers is anxious to care for the needs of owners and their concerted display of this sentiment is, in effect, voicing the feeling of the Oakland Motor Car company builders of Oakland and Pontiac automobiles.

This dealer organization is one of the most stably founded in the country and its policy of speedily and efficiently caring for the needs of owners gives to Oakland and Pontiac drivers a Nation-wide service organization unequalled by any automobile in its class.

Too much play in the steering system of a car is dangerous and in the interest of safety, that mechanism should be kept in perfect condition at all times, according to the National Automobile club.

Telephone Employees Sign A Safety-Driving Pledge

Care and Courtesy Are the Keynotes of a Voluntary Movement Started at Detroit.

Nearly 1,000 telephone men and women residing in the city of Detroit have united in a safe-driving crusade to which they are to lend their combined and individual active and moral support in an effort to solve the very serious traffic problem in the city.

This safe-driving campaign which was inaugurated in March of this year by the drivers of the Michigan Bell Telephone Company's motor vehicles in Detroit, not only is attracting wide attention, but is gaining momentum constantly. Scores of telephone people who drive personal cars only have added impetus to the effort by voluntarily signing the pledge to drive safely. This pledge was drawn up by the various drivers at the beginning of the campaign and came at a time when Detroit's traffic situation had reached a crucial stage. The pledge has been signed by 454 drivers whose duties in connection with telephone work require them, either regularly or occasionally, to drive motor vehicles through the streets of Detroit. The pledge covers the following points:

1. To observe traffic regulations.
2. To drive carefully.
3. To let those pass who wish to do so.
4. To give pedestrians, particularly children and elderly persons, opportunity to cross the street in safety.
5. To render assistance and first aid in emergencies.

A signed card is posted before the driver's seat as a constant reminder of his responsibility in promoting safety on Detroit streets.

BALANCE HELD BIG FACTOR IN CRANKSHAFT

"Perfectly balanced crankshaft" is a phrase motorists have read and heard for years. Yet, in spite of its familiar appearance and sound, many visitors to automobile salesrooms ask the salesman what it means.

Hupp engineers, who have devoted especially close attention to this subject, explained that the operating smoothness of their Century Sixes and Eights results in large degree from the correctness of the design, balance and manufacture of the crankshaft. Being connected with the piston by the connecting rod, they point out, the crankshaft receives the initial impulse resulting from the explosion in the combustion chamber and carries it along to the transmission from which the car receives its motive power.

"In order that an even flow of driving units the crankshaft must power may be transmitted to the perfectly balanced," said Frank E. Watts, Hupp mobile chief engineer. In a recent letter to the La France Motor company, Richmond distributors, "Otherwise one thrust would be greater than another and the desired smoothness would be impossible.

"The machines we use in obtaining the dynamic balance of Hupp mobile crankshafts represents an investment of \$100,000. "Every Hupp mobile crankshaft is in static and dynamic balance to a zero indication. By drilling out metal of the cheek, the shaft is soon brought to a condition where even as it revolves at a fast rate no variance is registered, thus showing that it is in perfect balance.

LEGAL NOTICES

NOTICE OF APPLICATION FOR LEAVE TO ERECT TOLL BRIDGE

NOTICE IS HEREBY GIVEN BY the undersigned CARQUINEZ TOLL BRIDGE COMPANY, a corporation, that it will apply to the Honorable Board of Supervisors of the County of Contra Costa, State of California, on the 4th day of June, 1928, at the hour of 10 o'clock A. M. of said day, at its meeting place at the County House at Martinez, County of Contra Costa, State of California, for authority to erect, construct and maintain a toll bridge and to take tolls thereon, the said bridge is to be located across the Carquinez Straits, from a point near the town of Port Costa, called Eckley, in Contra Costa County, to a point in the County of Solano, near the town of Benicia, called Dillon Point.

That the location of the Solano County Terminal of said bridge is as follows: NORTH ANCHORAGE: The center of the North Anchorage of the Carquinez Straits Suspension Bridge, on the Solano County shore, will be at a point from which that certain stake driven in the ground under the center of the north tower of the Pacific Gas and Electric Company's cable crossing of said straits and within that certain one and fourteen hundredths (1 1/4) acre tract belonging to said Pacific Gas and Electric Company, bears North 75° 48' West a distance of Eleven Hundred and Five feet (1105').

That the location of the terminal in Contra Costa County is as follows: SOUTH ANCHORAGE: The center of the South Anchorage of the Carquinez Straits Suspension Bridge on the Contra Costa County shore, shall be at a point from which that certain post marked "JE" located at the Southwesterly corner of the tract of land known as "Eckley Tract" conveyed by deed from Wm. A. Pieper to John L. Eckley, October 10, 1870 and recorded in Volume 19 of Deeds page 445 of the records of Contra Costa County, California, bears South 22° 6' West a distance of Six thousand one hundred forty two feet (6142').

That the length of the proposed bridge is three thousand two hundred feet (3200'); that the breadth of said bridge on the roadway is to be forty five feet (45'); that the type of said bridge will be such that it will not interfere with navigation; that the height of said bridge will be not less than one hundred fifty feet (150') over the mean level of high tide.

Dated: April 19, 1928.

"Chevrolet 'Snow Boat' Braves Alaska Drifts"

Snowshoes and dog teams were too slow a means of transportation for this pioneer miner in negotiating the 400 miles between Chitina, Alaska, and Fairbanks, near the Arctic Circle. By mounting the wheels of his Chevrolet on skis and linking the paddle-wheel propeller onto the rear wheels of his car, he quickly covers snow of any depth. Loss of life might easily result on the 400 mile trip were his rugged engine to fail him.

Automotive History Is Made In Alaskan Motorcar Show

Automotive history was made last month in Alaska, when the city of Fairbanks held its first automobile show, which according to advices received from dealers in that far northern point, was an unqualified success. More than 1,000 residents of Fairbanks took an active part in the event and every dealer of the city pronounced the show a most interesting one.

This event, according to the Golden Rule Chevrolet company, local dealers, was the first of its kind ever held in Alaska and was the furthest North automobile show in the world. Every General Motors car represented in the far North occupied a commanding position in the display, which was held in the Moose auditorium. Motor cars have been known in Alaska for some time. The first to arrive in Fairbanks, was a Pope Toledo of 1907 model. It reached the territory in July, 1908, and was operated as a stage between Fairbanks and Fox Gulch, a distance of 11 miles. Late in the fall of the same year, two more cars were shipped in from the "outside." One of them was used as a stage between Fairbanks, Cleary City and Chatanika, a distance of 35 miles.

Since that time the number of automobiles has increased from year to year in the Fairbanks district, until today there are more than 1000 cars and trucks in that vicinity, representing a total investment of more than a million and a half dollars. They include 15 different makes, ranging in price from \$500 to \$5000. Eight, automobile dealers, in business in the Fairbanks district have or have organized themselves into the Fairbanks Automobile Dealers' association. It was this group of men who promoted the automobile show. There are five automobile garages and repair shops in Fairbanks, where first-class mechanics are employed. Three warm-storage garages are maintained, where cars may be stored during the long winter season.

Good roads have followed the advent of automobiles in Alaska and today there are more than 600 miles of excellent thoroughfares available to motorists of Fairbanks—three times the mileage of any other town in the territory.

The Chevrolet, through years of dependable service and economical transportation, has become one of the most popular cars in the far north, a country which offers a meritorious proving ground for the stamina of a motor car.

FREE SAMPLE

Call for a free sample of Indian herbs compound at any of the local agencies where samples are given out and herbs sold. They are an excellent liver regulator for sluggish bowels, kidneys and constipation.

Indian Herbs are for sale by all the local drug stores and at many other business places whose addresses are listed on the second page of the circular in each free sample given at all the local agencies. Geo. W. McPherson, resident agent for The Great American.

Irrigated Farms

SAN FRANCISCO

Sonora Pass Road Closed At Kennedy

Sonora Pass road crossing the Sierra between Sonora and Bridgeport is now open and in fair condition to Kennedy Meadows, but is closed beyond that point, according to the touring department of the National Automobile club. This is welcome news to anglers as Kennedy Meadows offers many good prospects for fishing.

This road is in exceptionally good condition to Lake Strawberry, having been graded to that point. From there on, while a dirt mountain road, it is in good condition.

New Jersey's \$31,000,000 road building program for 1928 is part of the five year \$164,000,000 program approved by the legislature of that state last year.

MARIN COUNTY IS ATTRACTION TO MOTORIST

Mt. Tamalpais, Alphe Lakes and Muir Woods, all accessible over good roads, in a circle tour which can easily be made in one day, is a trip which not only every resident of the entire San Francisco bay district, but motorists from all sections of the state, will enjoy, according to L. L. Norris, Manager of the touring department of the National Automobile Club. Mt. Tamalpais affords a wonderful vantage point from which to view the bay district and the rugged coast from Bodega Head nearly to Half Moon Bay. On a clear day it is possible to see to the west, the Golden Gate, the Pacific ocean and the Farallones; to the east is San Francisco bay, with Mount Diablo in the background; to the south is the San Francisco peninsula, with Mount Hamilton on the far horizon; and to the north may be seen the outlines of Mount St. Helena, and sometimes the clear outline of the Sierra may be seen.

A very attractive way in which to make this trip is to follow the main highway to Fairfax, all of which is paved and in excellent condition. Three-tenths of a mile out of Fairfax the pavement ends and from that point on there is a good dirt and gravel road to the dam. There is some grade work on this road and quite a few turns, but the road is exceptionally wide all the distance. The road after paralleling the shores of Alphe Lakes, crosses the dam, after which there is a steady up grade to the Toll Road. This road is also sufficiently wide at all places for two cars to pass, but some second-gear work is necessary.

STUDEBAKER HOLDS RECORD ON STOCK CARS

All American Automobile Association records for fully equipped stock cars are now held by Studebaker, according to L. J. Thomas, local dealer.

"Never before has one manufacturer thus swept the boards," Thomas said, and continued:

"Studebaker holds not only the open car records, but the closed car records also. Regardless of power or price of car, open or closed, the highest record for every distance, from five to 25,000 miles and from one hour to 384 hours, is held either by the Studebaker Commander or by the Studebaker President.

"All Studebaker records were made with stock cars, fully equipped even to the extra tire. The only records not now held by Studebaker were made with cars stripped of windshields, fenders, running boards, etc., for racing. In addition to holding with the Commander and the President all the highest records for fully equipped stock cars, regardless of power or price, Studebaker holds with the Dictator and the Erskine the highest records in their respective price classes.

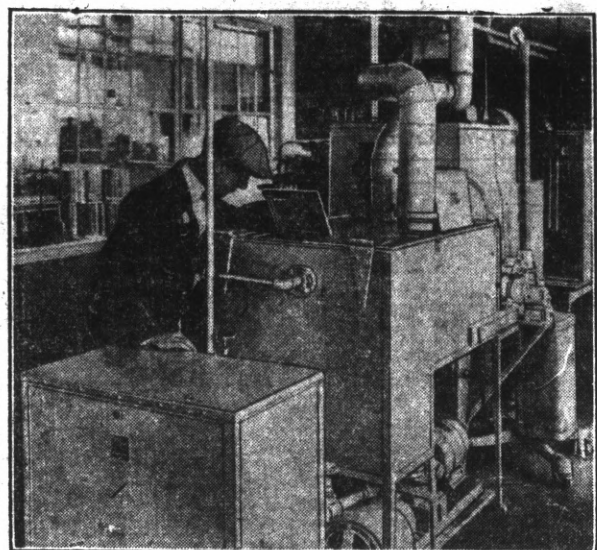

Motor Fuel May Be Secured From Trees, Is Report

Recently it has been discovered that nipa palm trees, grown in certain parts of the British Empire, produce great quantities of alcohol. It is now proposed that the acreage of such trees be increased and the alcohol used as motor fuel.

Paint Testing Machine

ALTERNATE rain and sunshine, with temperatures ranging from torrid summer heat to zero Fahrenheit are the conditions created within this machine for the testing of paint, varnish, enamel or lacquer finishes. It is operating continuously in the testing laboratories of the Ford Motor Company, as a means of proving pyroxylin finishes of the new Ford cars, and other lacquers and paints used in the Ford plants. Only 500 hours in this machine is equivalent to one solid year of Detroit weather!

Plans Are Laid for Ocean Shore Highway Survey North

Preparations are now being made to undertake a complete survey of the proposed route of the Ocean Shore highway north from San Francisco, just as a survey is to be made of the link of the south of the metropolis, according to the highway committee of the National Automobile club, which is fostering the project.

Work on the northern link of the great Ocean shore highway, was made certain when the board of supervisors of Mendocino county appropriated \$500 toward a preliminary survey of the route through that county. It is expected, according to information received by the club, that the other counties along the route will follow suit immediately.

In order to assist in organizing the survey work in the northern section of the state the club has sent Ben Blow, its field secretary, to confer with the highway authorities in the counties of Marin, Sonoma, Humboldt, Mendocino, Del Norte. Conferences have already been arranged at which plans for financing the survey will be considered.

This highway, when completed, will probably be known as United States Highway No. 101. It is already so named from British Columbia to Eureka in California. Long stretches of the highway already have been built in both Washington and Oregon.

In California the Redwood highway now forms part of the proposed routing of U. S. highway No. 101 and it will also remain, but with the completion of the Ocean Shore highway through California it will be known as West U. S. Highway No. 101, while the Redwood highway will be called East U. S. Highway No. 101.

Already this, highway, lying

BUICK MAKES TRIP THROUGH YOSEMITE GATE

California motorists rejoiced this spring in the unusually early opening of the Big Oak Flat road, scenic entrance into the famed Yosemite Valley from the sections adjacent to the San Francisco Bay district through Stockton and Oakdale. First authentic information on the present condition of this Yosemite gateway as well as that of the still snow blocked Tioga Pass road, was secured last week by a scout party dispatched to these important roadways in a Buick sedan from the Howard automobile company, according to C. C. Kratzer, local dealer.

Having first in mind the inspection of the Big Oak Flat road into the Yosemite, the Howard Buick whizzed in perfect ease from the San Francisco Bay section over concrete through Manteca and on to Oakdale, continuing thence over a splendidly paved road to Yosemite Junction at which point a left fork leads into the historic Bret Harro country scout party departed to Jacksonville and on up the Priest grade to Groveland. The approximately seven miles of the Priest grade were negotiated with perfect ease by the Buick.

This uphill stretch which only a few short seasons ago was described by motorists who had experienced its ruts and other hazards at "terrible," was found by the scout party to be well surfaced at the present time with all curves safely widened and grades lessened most comfortably. The remaining slightly troublesome stretch in this sector, extending from Mountain House to the Tuolumne river is being oiled, the scouts found.

An easy road from Groveland to Carl Inn where the highway forks to the left through the Tioga Pass and the right to Yosemite Park, Carl Inn, one of the most beautiful and restful resorts in the Yosemite wonderland, was chosen as headquarters for the Buick party during the most rugged of their reconnoitering work. Here in the midst of a forest primeval, where towering redwoods strive to the sky and a purling stream comes dancing through the rovers, taking a vacation paradise where hiking trout fishing and plain and simple relaxation may be indulged to the fullest degree.

The twenty-three miles from Carl Inn in Yosemite Valley were found still a bit rutty. A few weeks of travel and scraping here will result in a perfectly satisfactory roadbed.

Along great stretches of the magnificent and beautiful rugged shore line of the Pacific ocean, has been given the name of the Roosevelt Highway in honor of the late president of the United States whose interest in highway building in this country was pronounced. In the popular mind it will eventually always be so called in spite of the fact that the Highway direction signs will simply bear the name "U. S. 101."

It will take some years to complete all the links of this great highway, but when finished it will supply one of the most magnificent motor roads in the world, for almost 2000 miles it will be within sight and hearing of the Pacific ocean. Along it there will be some of the finest scenery in the world, unrivaled in rugged grandeur and magnificent vistas.

Klamath Road In Good Shape

The Klamath River Highway from Orick to Yreka, which follows the Klamath River the greater part of the way, is in exceptionally good condition this year, according to the touring department of the National Automobile club.

The long steep grade leading up from Orick has been graveled and generally improved, and the grade leading down from the summit to Martins Ferry has been widened and is now wide enough at all points for two cars to pass. The Happy Camp hill which for years has been a bugbear to motorists has been improved and is now an excellent road, also wide enough for two cars to pass; this in addition to eliminating the steep pitches and bad turns.

The road from Orleans to the Pacific Highway has also been improved and is in excellent condition.

This route passes through rugged and virgin country, and not only affords a variety of scenery difficult to find elsewhere, but also offers many opportunities to the angler.

The speed limit on South Australian country roads is 30 miles per hour.

A new 11-story garage, built on the ramp principle and housing 800 cars has been opened in Detroit.

WALTER P. CHRYSLER'S TRAFFIC TALKS

SCHOOL TIME IS CAUTION TIME

Are you "school conscious," Mr. Driver? If you are not, you had better become so. With the coming of good weather school children have just about thirty percent more cars to dodge than in winter. They should not bear this responsibility alone. Keep their hours of passing in mind.

From eight o'clock until half past nine, sometimes at ten-thirty recess, from twelve to one and after three o'clock, children are going to and from school in the cities and small towns.

Every driver should be especially alert at these times and on the look-out for boys and girls at street crossings.

In country districts the roads are almost all well marked: "GO SLOW—SCHOOL AHEAD," and the children are much more apt to be off the road at playtime, but going to and from school, especially in wet weather those country children must use the highways for sidewalks. They should not be penalized by either being endangered by speedy drivers, nor should they have to dodge and hide in the gutters to prevent being splashed.

In big cities policemen are usually placed at strategic crossing points near the school but even in districts not situated near the school many children come and go at school hours.

Where there is no traffic policeman the responsibility is distinctly on the shoulders of the motorist. It is not fair for school children to have to stand "marooned" on a curbstone within a few minutes of time or one o'clock while a long line of motor cars blocks their passage to the school with no let-up, merely because there does not happen to be a traffic officer nearby.

The "school conscious" motorist will know what time it is, see their plight and stop for just that minute which will allow them to get to school on time.

Drive safely at school times and remember when those times occur.

Campers Are Urged To Balance Load On Car

The camper who loads all of his equipment, including the kitchen stove, on the left running board of his car is not only injuring that car but probably wonders what makes it run so poorly, according to Louis C. Shaw, general service manager of the National Automobile club.

"What this camper is doing," declares Shaw, "is to destroy the balance of his automobile and as a consequence all of the running parts are more or less out of line. The result is that it puts a very heavy strain on the engine, and the first thing the camper knows his radiator is boiling."

"After that come the stripped gears and other things that go to make a camping trip anything but an unalloyed pleasure. Also there may be burned out bearings and other troubles and after that the whole camping trip that was to have been such a great pleasure, turns out to be nothing but an annoyance."

"The thing to do, of course, is to load your car with the camping equipment so that the load will balance when it is all in place and the passengers have been seated. The automobile factories manufacture a car to be well balanced as a whole without a load."

"It is, therefore, not contemplated that a car will be so heavily loaded with camping equipment and other things that every working part is out of line and as a natural result is operating under unusual conditions and under unusual strains. Hence, no profits."

"Another thing that many people do is to pile several heavy suitcases or camping duffel on the front bumper where it immediately shuts off all the air circulation through the radiator. At once the engine begins to heat and the operator wonders why, failing to remember that a radiator must have air in order that it can function in the way it was intended by the factory."

SALE OF NASH CARS INDICATE BUYING TREND

Business conditions are showing a healthy improvement here and throughout the entire Northern California territory, according to H. P. Huddleston, local Nash dealer.

"I am confident that the coming months will be among the best from a volume sales standpoint that the automobile industry has enjoyed," said Huddleston. Business conditions in general are good and dealers report that the outlook is better for the summer months than it was last year at this time.

"In a recent trip throughout the territory, during which calls were made on bankers, dealers and business men in the various towns and cities of this territory, there was a generally expressed feeling of optimism over the outlook for all lines of business."

"Our recent sales reports show steady and continuous increases over preceding months of the year and there is every reason to believe that this prosperity of our own is reflected in general in the business world."

RUSSELL SIGN SERVICE
G. M. Russell, Prop.
1716 Macdonald Avenue

House Numbers on Plate Glass our Specialty. Manufacturers of Luminous House Numbers. They Shine in the Dark.

Phone—Richmond 1474

1927. In Los Angeles the record stood 92 in 1923 as compared to 70 last year. In Oakland there were 15 fatalities this year while last year there were 13.

These figures were reported by the National Automobile Chamber of Commerce to the National Automobile club which has used them in a safety bulletin to its membership of 51,000 in this state. The club bulletin points out that the decrease in San Francisco is probably due to the operation of the new traffic ordinance and its rigid enforcement.

According to the automobile chamber's compilation of returns from cities in the United States having more than 100,000 population, there was a considerable increase in fatalities in these cities in January, February and March of the year over the same months last year. The figures were 1485 for 1926 and 1348 for 1927.

STUDEBAKER

The Great Independent

wins automobile dealers as well as public with CHAMPION CARS

26% more Studebaker Dealers this year than ever before

FOR nine consecutive months retail deliveries of Studebaker-built automobiles have increased over those of the corresponding months of a year previous. This is the face of a decrease in sales for the industry as a whole.

The swing toward Studebaker is the inevitable result of adding spectacular performance to One-Profits value—and then proving the stamina and speed of the cars by severe tests under American Automobile Association supervision.

All official records for fully equipped stock cars are now held by Studebaker. Never before has one manufacturer thus swept the boards.

When such performance can be bought at Studebaker's remarkable One-Profits prices, why be content with less than a champion?

This table shows the number of Studebaker dealers in the United States today compared with totals for previous years.

1928	3864
1927	3054
1926	3054
1925	3036
1924	2924
1923	2966
1922	3008
1921	2384
1920	2216
1919	2176
1918	1800

Automobile dealers have been quick to follow the trend of the buying public toward Studebaker.

Studebaker's sensational proofs of speed and endurance come from engineering genius, quality materials, precision manufacture and rigid inspections. Because of these, any Studebaker may safely be driven 40 miles an hour the day you buy it. Motor oil need be changed but once in 2500 miles. The President, Commander and Dictator require chassis lubrication only after each 2500 miles.

Today in Studebaker and in Studebaker alone, you can buy the most in every phase of motoring—and behind it a name that for 76 years has meant dependable transportation. Come in, and drive a champion!

The President
\$1985 to \$2485
F. O. B. FACTORY

100-horsepower straight eight motor
80-mile speed 131-inch wheelbase
Holds all official records for stock closed cars, regardless of power or price, from 5 to 2000 miles.

The Commander
\$1435 to \$1625
F. O. B. FACTORY

85 horsepower 72 miles per hour
25,000 miles in less than 25,000 minutes. Nothing else on earth ever traveled so far so fast.

The Dictator
\$1195 to \$1395
F. O. B. FACTORY

70 horsepower 67 miles per hour
5000 miles in less than 4800 consecutive minutes—a record for stock cars priced below \$1400.

The Erskine
\$795 to \$965
F. O. B. FACTORY

43 horsepower 62 miles per hour
Thrilling six-cylinder performance. Although miles in less than a thousand consecutive minutes—a record for stock cars priced below \$1000.

SOMETHING ALWAYS HAPPENS

SCREEN STAR
GIVES ADVICE
ON WARDROBE

Wise selection of clothes will
definitely conceal any defect in the
figure.

Screen stars and players who
make a scientific study of clothes
and how to wear them, know this

only too well.
Norma Shearer, whose starring
vehicle, "The Actress," comes to
the California theatre tomorrow,
offers some advice on how to
dress well.
"The prevailing mode may al-
ways be adapted to one's own
figure," Miss Shearer said. "The
new draped skirts are suitable
for both plump and slender—it
all depends upon how you drape
the skirt.
"If you wish to appear taller,
allow the bodice of your gown to
be quite long and fitted with-
out any trimming to break the
line. Then pose the draped ef-
fect so it will fall well below the
hips.
"If you wish to appear shorter,
reverse the draping. Raise the
skirt line to just a trifle below
the natural waist. A broken line
always produces an effect of
shortness.
"For the thin, you may wear
sports clothes made very full with
the skirts vertically attached from
waist to hips. Allow the skirt to
flare. Long loose coats, now popu-
lar, are always flattering. It
is better for a woman who is too
plump to wear loose fitting frocks.
"Ralph Forbes plays opposite
Miss Shearer in her new picture
which is an adaptation of Arthur
Wing Pinero's famous drama,
"Trelawney of the Wells." A no-
table cast supports them, including
Gwen Lee, Roy O'Arcy, Owen
Moore and Lee Moran.
Other film features include
"Behind the Counter," Topics and
Aeronauts.

ROAD TO FIRST
IN THE RECORD-HERALD

Church and Sunday School

ST. EDMUND'S EPISCOPAL CHURCH

Corner Ninth and Nevins, C. G. Lindemann, minister.
Church school at 9:45 a. m. Mrs. Chas. Wolfe, superintendent. Grad-
ed lessons. Classes for all ages.

Morning worship at 11 o'clock. Sermon, "The Significance of Pen-
tecost." Sectional meeting of the officers of the Epworth League in the ladies parlor of the church from 3 to 5 p. m. Combined meet-
ing of the high school and senior Epworth League at 6:45 p. m.
Great children's day pageant "The Best Day." at 7:45 p. m. A large number of the young people of the church school are taking part in this pageant. They will be fully costumed, and there will be special decorations and lighting effects. Beautiful and inspiring music accompanies the ac-
tion.

Official board meeting Monday evening at 7:45. Home coming welcome to Mrs. Matthews, president of the W. F. M. S. at Trinity church, Berkeley, Tuesday after-
noon at 2 o'clock.
General meeting of the Ladies Aid Society in the social rooms of the church on Wednesday. "Covered Dish" luncheon at noon. Busi-
ness meeting at 2 p. m.
Prayer meeting Wednesday evening at 7:45.

The W. F. M. S. will meet in the church parlors Thursday after-
noon at 2 o'clock. Mrs. N. Glover will be hostess. There will be the election of officers. All are asked to bring their mission-
ary friends.
Richmond church fellowship din-
ner and program in the Chris-
tian church on Thursday evening at 6:15 o'clock.

Great concert by the "Invin-
cible Four," a negro quartet from Conroe College, Conroe, Texas. The concert will be given in Wesley church auditorium at 8:15 p. m., Thursday evening, following the fellowship program.

The Sigma Gamma Kappa club meets with Miss Siddle Cushing on Monday evening, at 7:45.
Annual Wesley church picnic at East Shore park, Saturday, June 9th. Good eats, stunts, ice cream, and a good time for all who come.
The union church vacation school begins on Monday, June 11.

Next Sunday evening another pageant entitled "Go Ye." We invite you to worship with us.

FIRST METHODIST EPISCOPAL CHURCH

Richmond avenue and Martina street. F. H. Prince, pastor.
Sunday school at 10:00 a. m. Mr. J. E. George, superintendent. If you are not attending any Sunday school you are cordially invited here.

11:00 a. m. Worship and preaching. The choir will sing, "To Be a Better Friend."
Rev. H. Prince will bring a message on the subject of "Find-
ing the Sense of Immortality." In the course of his sermon he will answer the following ques-
tions:

What leads one to believe there is life after death?
When does one find the sense of immortality or the sense of the future life?
Can one be assured in this life that he will live again after death?

6:45 p. m. Intermediate League. Mrs. J. O. Weston and Mrs. F. H. Prince, advisors.

7:45 p. m. Evening preaching service. A happy hour for all of the family, including the children, father and mother, husband and wife, brothers and sisters, and in-laws.

The following question will pre-
cede the sermon:
Are there more divorces de-
rived from the June marriages than from those of other months?

Where does the Devil spend his vacation?
What may one liken compa-
nionate marriage unto and is it the coming form of marriage?

6:45 p. m. Intermediate League. Mrs. J. O. Weston and Mrs. F. H. Prince, advisors.

COMMUNITY METHODIST CHURCH

1212 and Rockwell avenue. Geo. W. Forhan, minister.

9:45 a. m. The Church school. W. C. Roberts, superintendent. Mrs. J. E. MacDougal, primary super-
intendent.
Our goal: Every member of the church in the school, and every member of the school in the church. We need some new members to help bring up our count in the contest.

Morning worship 11 a. m. Com-
munion Sunday. Sermon, "Empty Places at the Lord's Table." A subject for deep concern for every believer.

Duet, "The Prayer Perfect."

Young People's meeting 7 p. m. Evening worship, 7:45. A good song service, with special music. Sermon from the most familiar parable in the Bible, "The Prodigal Son."

7:30 p. m. Wednesday, mid-
week church night. Bible study. I John, third chapter. Following this study in the study of the book, "What's the Matter in China?" These studies are very interesting and instructive and every one is welcome to enjoy them.

GRACE LUTHERAN CHURCH

Darrell avenue and Thirteenth street. Samuel T. Himes, Ph. D., pastor. Residence 613 13th street. Telephone 639-2. Mrs. W. H. Page, director of the choir. Mrs. C. R. Baldwin, organist.

Sunday school at 9:45 a. m. sharp.

Sunday school at 9:45 a. m. sharp.

"Jesus Facing Betrayal and Death."

Holy Communion at 11 o'clock.

A preparatory service will pre-
cede the Holy Communion in the opening service. "Praise ye Jeho-
vah."

Sermon, "The Supremacy of the
Tribune God" by pastor; "The Bread of the World" (Irish) by choir.

New members will be received at this service and children will be baptized.

6:30 p. m. Social hour of the Luther League.

6:30 p. m. Luther League. "Plans for a Profitable Summer," leader Mrs. Charles A. Rayman.

7:30 p. m. Children's day service, "The Good Shepherd." The choir and the children will furnish special music.

Readings of scriptures will be given. "Hushed Was the Even-
ing Hymn," choir; scripture with song. Clayton Evans, story, "The Good Shepherd," Miss Edith Jacobson; solo "There Were Ninety and Nine," Miss Alice Johnson; reading, "The Master Is Come."

Mrs. Charles A. Rayman, chil-
dren's quartet, "The World Child-
ren for Jesus," Catherine and Ruth Bastin, Donald Himes, Jr., and Thomas Webster; trio in song, Mary, Martha and Charlotte Baldwin address, "The Care of the Children" by the pastor; solo, "He Shall Feed His Flock" by Mrs. W. H. Page. Children will be baptized at this service.

Group No. 3 of the Ladies Guild. Mrs. Donald E. Himes as chairman, will serve a home cooked dinner with baked ham, June 6th, at 6:30 p. m., to which members and friends of the church are invited.

Announcements.

THEOLOGICAL MEETING

Sunday night 8 p. m. at 645 15th street. All invited.

Our object is to form a "uni-
versal brotherhood of humanity" without distinction of race, creed, sex, color or belief to promote the study of religion, philosophy and science; to investigate unexplained facts of Nature and the powers latent in man. The society has no dogmas or creed, is entirely unsectarian and includes professors of all faiths, has tolerance for others' beliefs.

STUDENTS
Meet at 218 Bissell avenue at 7:30 p. m.

Walter Tower study on "Jehovah's Covenants" in March 15th issue.

A special invitation is extended to all truth seekers.

Admission free, no collection.

ACORD PICTURE COLORFUL PLAY OF COW LANDS

Art Acord, that ever popular hard riding Western star, earns new laurels in his latest release, "Hard Fists," now at the Richmond theatre. Acord's admirers will find new thrills in store for them in this new Universal Blue Streak.

Not only does the film furnish unusual riding and fighting action but contains a thoroughly deligh-
tful romance set in a colorful Western cattle country.

Art Acord is more than ever in the hearts of his audience as a result of his splendid work in the picture. Always one of the most daring riders of the screen, he holds the spectators spellbound when he lifts Marion Court from him on the saddle. In "Hard Fists" Acord loves like he rides and the girl of his ambition is well worth the effort. Louise Lorraine in the role of Betty Barnes is a pretty heroine with all the dash of a true Western ranch girl.

Horse racing plays a big part in the stirring plot. And such racing as it is, all the thrills and suspense that a close race can bring to the spectator. But the great moment arrives when Acord does a feat previously framed race though he faces prison in so doing. Horse lovers come in for a share of ecstasy when "Raven" Acord's big black, paces the thundering field in a Western sleigh chase after a bad fall. It seems the big charger realizes the magnitude of his rider's stakes and makes a magnificent effort.

Acord shows a rare quality in "Hard Fists." He can bring a laugh when he wishes. His ac-
tress, attempt to drive a Ford is a real comedy touch. He wrecks a great deal of property and puts the inhabitants of a quiet town to flight in the hilarious trip.

Other film features include Col-
legians No. 4 and Snapshots.

UNITY CENTER

Richmond clubhouse, 1125 Nev-
in avenue.

Sunday school at 10 a. m. Ser-
vice at 11 a. m. Mrs. Anna C. Se-
dya of San Francisco will be the
speaker.

Unity is the name by which the
work of the Unity school of Chris-
tianity is known.

(Continued on Page Eight)

The Actress

Norma Shearer and Ralph Forbes in a scene from "THE ACTRESS," coming to the California Theatre tomorrow for a two day run.

RICHARD DIX LOOKING FOR IDEAL MATE

What qualities would you look for in the woman you expect to marry?

This was the question asked Richard Dix when he was playing in his new Paramount starring picture, "Sporting Goods," the current feature attraction at the California theatre.

"Since I'm a confirmed bachelor, this is a hard question for me," the Paramount star replied, "but I'll try to give you my ideas. I really have some ideas on the subject because I've been looking for my 'ideal woman' for a long time. When I find her, I'll cease to be a bachelor—if she'll have me."

"She may be either tall or short, blonde or brunette, blue-eyed or brown. Those things don't matter. What is important is that she must have personality, and charm. And moreover, a sense of humor. Then, as a last characteristic, she must be intelligent."

"The personality and charm will make me like her and enjoy her company. The sense of humor will keep our relationship amiable and keep us out of the rocks of marital unhappiness. The intelligence will make me respect her judgments and will assist me in my own problems. Combined, the qualities would make me 'love her'."

Dix believes that his new picture, "Sporting Goods," will be of special interest to women. Gertrude Olmstead, married actress in a wide variety of new and stylish clothes, is the leading rem-
in-time player. "Malcolm St. Clair," who made "Gentlemen Prefer Blondes," directed. Ford Sterling, the comedian, is also in the cast.

Other film features include, the first showing of the opening day of the Carquinez bridge, "His Better Half," Lloyd Hamilton Com-
edy, Hodge Podge, "The Wan-
dering Boy, and Fox News."

NO-ACCIDENT RECORD MADE BY PULLMAN

For the fifth consecutive month, the Richmond Pullman shops have operated without one lost-time accident, during the annual May "No Accident Record," just completed, according to F. E. Beck, manager.

The entire Pacific zone of the company from El Paso, Texas, and to Spokane, Wash., and eastward to Salt Lake City went through the month with a perfect record. The company employs about 3000 in the zone. This marvelous achievement proves what can be accomplished when every employee does his share. "We are rapidly learning how to prevent sorrow entering homes and make the world a better and safer one to live in," says Supervisor of Safety Chas. Robertson.

Memorial Services Presented by Beacon Chapter O. E. S.

Memorial services were held in Masonic hall last night by Beacon chapter, Order of Eastern Star following a business meeting presided over by Worthy Matron Ruby Johnson and Worthy Patron Lud Johnson.

A program was presented including solos by Mrs. Spurr, a piano solo by Ramona Jones, stunts by the pupils of Muriel Ush; a violin solo by Irene Lohrer and a vocal solo by Mrs. Wilson. The banquet was served by a committee composed of Mrs. Elizabeth Burdon, Mrs. Rose Rosier and Mrs. J. W. Bumgarner. The next meeting of the chapter will be in the nature of an indoor picnic with a "pot luck" banquet and a campfire program. All Eastern Stars are invited to attend.

Novel Program Is Prepared by Members Of Church School

A splendid program has been planned by the members of the Sunday school of the First Presbyterian church. A. H. Poage has taken great pains to prepare a program that will be appreciated and all of the students of the Sunday school will take part in the entertainment. The church is beautifully decorated with ferns, palms and gladiolus. Butterflies were strung along the wall and among the greenery.

The program will be presented at the regular Sunday school hour and a large attendance is desired.

—RACS WANTED—

CHURCH SERVICES

(Continued from Page 6)

gellism. Mr. Grevie will lead in a bit of community singing and he and his wife will sing one or two numbers. Miss Martha Moss of Nashville, Tenn., a specialist in singing Negro Spirituals will also appear in the program. A unique feature of the service will be one or two numbers in which Martha Moss will sing accompanied by the harpist. The first 30 minutes of the service will be given entirely to a program by these artists, the last 30 minutes will be in the form of an address by Pastor Weldon M. Wilson, on the subject, "An Angel's Kiss" in which he will answer three questions:

1. Is kissing safe, sane and sanitary?
2. Is there a purgatory?
3. Do people have visions today as they did in Bible times? The organ concert by Miss Vestal will begin promptly at 7:15. At the morning service at 11 o'clock, the regular monthly communion service will be observed.

The Sunday school meets at 9:45 a. m.
The B. Y. P. U. meets at 6 o'clock. Olive Baughn and L. G. Lee as leaders.

Doomed Woman

FIGHTS AGAINST TIME

—Though her lawyers informed her that their last move for an immediate hearing in her suit for damages against United States Radium Corporation had failed, Mrs. Edna Humman (right), doomed to die from the death-dealing radium poisoning, still fights on. It is said at least 100 women who painted radium watch dials must die. One of the victims said:—

"Radium was expensive. When a little was found in the bottom of the glasses in which the girls 'pointed' their brushes, they were reproved. Because they were afraid of losing their jobs, they cleaned their brushes with their lips."

"It wasn't noticed—inside us," she sobbed.

"We are ready to move out plan to Richmond and locate our shipping terminal there if we can get assurance of deep water. We must have maintenance otherwise the location will be useless."

Two other concerns that will develop 2500 tons of oil ocean freight monthly are planning to use the El Dorado terminal here if that concern comes. It brings in 6000 tons monthly. This 120,000 tons a year, or the 6000 tons alone should the other concerns come, will be a powerful factor in getting further Federal aid. The El Dorado will invest about \$700,000 and employ 150 men. The tonnage it develops is being eagerly sought by other deep water centers.

MAINTENANCE OF BASIN IS IN QUESTION

(Continued from Page 3)

all for about two years, as it will take the El Dorado a year to get its new plant ready. President W. B. Reis, of the El Dorado Oil company, assures location of the plant here if the few conditions asked are met. Asked about the matter he said:

"We are ready to move out plan to Richmond and locate our shipping terminal there if we can get assurance of deep water. We must have maintenance otherwise the location will be useless."
